

Healthfarm Muscle Whey

Protein DTC

Whey protein creatives made pricing, proof, and product hierarchy easier to scan.

Challenge

The brand needed stronger cold-traffic communication, clearer product proof, and mobile-first creative assets that could be tested quickly across paid social and commerce placements.

Creative System

Growth Revibe built a testing matrix across hooks, offer frames, product hierarchy, UGC-style proof, and landing-page message match. Each concept was prepared for rapid iteration instead of one-off campaign use.

Measured Outcomes

1. 31% lower CPA
2. +56% hold rate
3. 18 ad variants

Scope delivered: creative strategy, static ads, short-form video direction, offer testing, and reporting notes.
